

Epson AcuLaser CX17 Series

DATASHEET

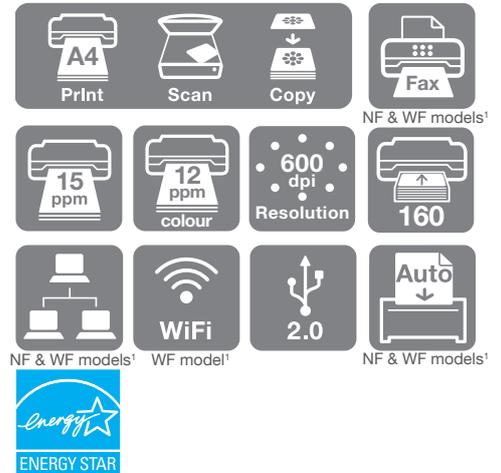

The AcuLaser CX17 Series is Epson's most compact A4 colour laser-class all-in-one for small businesses. Every model in the series is neat, highly efficient and straightforward, without compromising performance or quality.

The series has everything a business user could require from a colour all-in-one. As well as its multi-function print, copy and scan capabilities, the CX17NF¹ and CX17WF¹ models come with a faxing function.

Each model only takes up the space of a desktop printer, making it ideal for maximising valuable workspace while still offering professional-standard results. A print resolution of 600x600dpi produces high-quality images, combined with vibrant and realistic colours thanks to Epson's AcuBrite toners. Performance is enhanced with a standard memory of 128MB across all models.

Delivering up to 15 mono pages per minute and 12 colour pages per minute, the series has one of the fastest colour print speeds in its class. All models have USB connections and the CX17NF¹ comes with Ethernet connectivity for multiple users. Connectivity options are expanded to include Ethernet and Wi-Fi on the CX17WF¹.

This series has been developed with the business user in mind and provides low-maintenance, peace-of-mind printing. The toner cartridge is the only supply item requiring replacement, which also helps to keep the total cost of ownership down.

KEY FEATURES

- Compact size
- Fast colour print speed
- Ethernet connectivity¹⁻²
- 128MB memory
- ENERGY STAR-qualified power efficiency

The AcuLaser CX17 Series is Epson's most compact A4 colour laser-class all-in-one for small businesses.

- Magenta Toner Cartridge Standard (700 pages³) C13S050670
- Cyan Toner Cartridge Standard (700 pages³) C13S050671
- Initial Toner Cartridge CMYK (700 Pages³)

TONER CARTRIDGE COLLECTION PROGRAM

This free service helps us to collect and recycle used Epson toner cartridges in a safe and environmentally-friendly way. There are three easy ways to dispose of your empty cartridges and take an active role in reducing waste:

- Put them in a toner cartridge collection box which will be picked up once full
- Return them free of charge by post
- Drop them off at an Epson Express Centre Please visit www.epson.com/recycle for more details about the program

¹ Some or all Wi-Fi/ fax products may not be available in certain countries. Wireless n standard is available in EU countries only.

² NF & WF models

³ ISO/IEC19798 and ISO/IEC24712 yield test reports

** Wi-Fi models only
