

# Safety Data Sheet

In accordance with REACH Regulation (EC) no. 1907/2006

## 1. Identification of the substance/mixture and of the company/undertaking.

**Product name:** UNIGUM Sanitary putty

Use: Non-hardening synthetic rubber putty

Product registration no.: Not notifiable.

Date: 18.05.1998

Revised on: 11.03.2010

Contact person: lja@eurofins.dk

Phone no. for emergencies: +45 86 26 11 77

+45 82 12 12 12 (Bispebjerg Hospital, Giftlinje ("Toxins Line"))

The logo for Unipak, featuring the word "Unipak" in a bold, yellow, sans-serif font with a blue outline.

## 2. Hazards identification

The product is not classified as harmful with regard to Danish Environment Ministry Order no. 329/2002.

The product may have an irritating effect on repeated or prolonged contact with the skin.

## 3. Composition/information on ingredients

Selected ingredients	EINECS/ ELINCS	CAS no.	Wt-%	Classification
The product contains no notifiable substances with regard to Danish Environment Ministry Order no. 329/2002 and European Parliament and Council Regulation no. 1272/2008 (CLaP).				

## 4. First-aid measures

### Inhalation:

Seek fresh air.

### Skin contact:

Wash the skin with plenty of soap and water. After washing, rub skin with a thick cream.

### Eye contact:

Open the eye wide and rinse with plenty of water for at least 15 minutes. If the irritation does not improve, seek medical advice.

### Swallowing:

Avoid vomiting if possible. Give the casualty water or milk to drink. Seek medical advice.

## 5. Fire-fighting measures

The product is not flammable.

As far as possible remove the product from areas threatened by fire.

Extinguish the fire with carbon dioxide, foam, powder or water mist.

## 6. Accidental release measures

In case of large spillages to the external environment, contact the environmental authorities.

Cover/absorb large quantities of released material with sand or other absorbent material.

These must then be treated as waste. See also Pars. 8 and 13.

Do not let the product run into drainage systems.

## 7. Handling and storage

Avoid contact with skin and eyes. If skin contact cannot be avoided, protective gloves may be worn.

Store the product in the closely sealed original packaging in a cool and well-ventilated place.

Fire hazard class: -

## 8. Exposure controls/personal protection

The following notifiable ingredients have a threshold value under Danish Working Environment Authority Instruction (At-anvisning) C.0.1, 2007:

None.

The following personal protective measures are recommended, where necessary:

**Breathing apparatus:** -

**Gloves:** Rubber, if necessary

**Eye protection:** -

## 9. Physical and chemical properties

Appearance:	Light coloured paste Characteristic	Solubility in water:	Insoluble
Odour:	-	Partition coefficient n-octanol/water:	-
pH:	-	Flash point:	-
Boiling point:	-	Self-ignition temperature:	-
Melting point:	-	Explosion limits:	-
Vapour pressure (20 °C):	Approx. 1 kg/l	Viscosity:	-
Density:			

-: Means no data or not applicable

## 10. Stability and reactivity

Stable under normal circumstances.

## 11. Toxicological information

### Inhalation:

May cause slight irritation of respiratory system.

### Skin contact:

The product may have an irritating effect on repeated or prolonged contact with the skin.

### Eye contact:

The product may have an irritant effect on contact with the eyes.

### Swallowing:

Swallowing may cause nausea, discomfort and possible vomiting.

### Long-term effects:

None known.

## 12. Ecological information

Danger to aquatic environments: There is insufficient data for an environmental classification of ingredients in accordance with Danish Environment Ministry rules.

Danger to other ecosystems: Insufficient data.

## 13. Disposal considerations

Waste catalogue code (EAK Code): 08 04 99. The product is not regarded as hazardous waste.

Spillage and residues to be disposed according to Local Authority instructions e.g. a municipal receiving station for chemical waste. In case of disposal to Kommunekemi, please quote chemical wastes group: H.

For transport as waste: See Par. 14.

## 14. Transport information

The product is not considered as a hazardous load for transport purposes.

## 15. Regulatory information

Hazard label on packaging:

On 11.03.10 Eurofins Product Testing A/S assessed that the product should not be classified in accordance with the Danish Environment Ministry Order on classification, labelling etc.

**MAL code (1993):** 00-1

Limitations on use: None.

Requirements for special training: None.

Also covered by the following special statutory instruments:

- Statutory Instrument on work with coded products, no. 302 of 13 May 1993

## 16. Other information

The following paragraphs have been revised: Pars. 1, 2, 3, 4, 5, 8, 11, 12, 13, 15 and 16.

### **Advice and training/instruction:**

The product may only be used by persons instructed in the execution of the work and familiar with the contents of this safety data sheet.
