

PHILIPS

Air Purifier

Series 1000i

Reduces allergens, gases, odor

Captures 99.97% of particles

App connected

Ideal for small to medium room

AC1214/10

Intelligent purification

Connect to cleaner air

With professional-grade sensing performance, the Philips Air Purifier Series 1000i automatically monitors and purifies the air. Ideal for bedrooms, with quiet night sense auto-mode.

Intelligent purification

- Visualized air quality feedback
- 3 auto modes: General, Allergen, and Night sensing
- 4 manual settings, including turbo speed
- Automatically monitors, reacts & purifies the air

Long-lasting performance

- Ideal for small to medium rooms

Superior purification

- Captures 99.97% of particles that pass through the filter
- Reduces allergens, gases, odors

With Air Quality App

- Allergen management advice
- Track indoor and outdoor air quality
- Control purifier from anywhere

Highlights

99.97% filtration

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.

Visualized air quality

In real-time, AeraSense shows you the IAQ index via a numerical display and a color ring on the dashboard of the air purifier. The numerical display is an index of the indoor air quality. The color ring provides an additional visual cue, ranging from blue (good air quality) to red (bad air quality).

3 auto modes

The Philips Air Purifier has 3 automatic purification settings: a General mode, an extra-sensitive Allergen mode, and a Night sense mode that automatically turns down the lights and fan speed when the room is dark. You can choose your preferred mode to personalize and optimize your purification.

4 manual settings

In addition to the 3 auto modes, the purifier also has 4 manual modes. Choose one of four different speed settings: from the extra-quiet 'Speed 1' to the extra-powerful 'Turbo Speed' mode. Pick one that is ideal for your required purification.

AeraSense technology

AeraSense

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Remotely control purifier

Control your air purifier from anywhere with the connected app. Turn on the air purifier, change the fan speed or check your filter lifetime through the Air Matters app.

Track your air quality

Use the App to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the App, which is

then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

Allergen management advice

Based on the indoor and outdoor air quality levels, the App will give you advice to help you with your allergen management regimen.

Ideal for small to medium room

The Philip Air Purifier has been designed for small to medium rooms, such as a bedroom. It is recommended for rooms up to 200 sq ft.

Superior purification

With cutting edge sensing and purification technology, the Philips Air Purifier Series 1000 is proven to reduce allergens, odors, and VOCs. The pre-filter and True HEPA filter remove particles. The Active Carbon filter reduces gases and odors.

Specifications

Performance

Room size: 200 sq ft/ 63 m²
0.3µm particle removal: 99.97 %
Ultra fine particle removal: 20 nm
Recommended HEPA life time: 4800 hour(s)
Recommended AC life time: 2400 hour(s)
Sound Power: 32 - 62 dB(A)

Features

VitaShield IPS
AeraSense technology
Air Quality feedback: Numerical
PM2.5 sensor
Modes: 3 auto modes
Fan speed: 4 manual speed settings

Child lock
Healthy air lock & Alert
Motor: DC

Design and finishing

Color(s): White
Color of control panel: Black 7C
Control panel type: Touch Panel
Material of main body: ABS

Technical specifications

Voltage: 220-240 V
Frequency: 50/60 Hz
Cord length: 1.8 m

Weight and dimensions

Weight of product: 183.78Oz/5.21 kg
Weight incl. packaging: 234.22Oz/6.64 kg
Dimension of product (LxWxH):
8.27x12.80x21.38 inch/ 210 x 325 x 543 mm
Dimension of packaging (LxWxH):
10.12x14.61x23.74 inch / 257x371x603 mm

Country of origin

Made in: China

Sustainability

Packaging: > 90% recycled materials
User manual: 100% recycled paper

Service

2-year guarantee
